Finding Care

When You Have a CDPHP® HMO Plan

CDPHP HMO plans provide access to network providers in the counties below. When you're out of the area, you can get care 24/7 from your smartphone or tablet through live video doctor visits with Doctor On Demand. Members on CDPHP HMO plans are covered worldwide for emergencies.

Find CDPHP HMO network providers by visiting findadoc.cdphp.com.

Where to go for care

NEED AN APPOINTMENT?

In a non-emergency situation, it's important to start with your primary care doctor. Your physician knows your health status best and can treat many health issues.

When choosing a new primary care doctor, consider one who participates in the CDPHP Enhanced Primary Care program. These doctors are known for providing better, more cost-effective care. Look for the Enhanced Primary Care icon when searching on Find-A-Doc. 

YOUR DOCTOR ISN'T AVAILABLE?

You have access to live video doctor visits 24/7 through your mobile device or computer. Learn more about virtual options for physical health at cdphp.com/doctorondemand and view your virtual options for mental health and substance use at cdphp.com/mentalhealth.

MORE URGENT NEED?

If your doctor isn't available, visit an urgent care location before going to the ER. Urgent care has short wait times and is more economical. In fact, **visits to the ER are generally not covered for non-emergency services.**

Many specialists also offer walk-in and urgent care services that would save you time and money compared to a visit to the ER.
